DEATH RIDES HIGHWAYS, AND STALKS BEACH

125 LOSE LIVES CELEBRATING

4TH OF JULY

MILLIONS DIP INTO OCEANS,
LAKES, RIVERS SEEKING RE-
LIEF FROM HEAT

TOLL OF DEATHS DUE TO FIRE-
WORKS, DROWNINGS AND
CAR ACCIDENTS

Chicago, July 5.—(UP)—Death rode the highways and stalked the beaches when Uncle Sam celebrated the 153rd anniversary of his freedom, more than 125 persons paying with their lives for the holiday, a nation-wide survey by the United Press indicated today.

Millions who dipped into oceans, lakes and rivers to seek relief from the heat, and those who motored to cooler sections, suffered the largest death toll.

Estimates of the injured were placed at 440. No definite figures were available.

Totals.....	3	54	54

Contrary to other years, fireworks were responsible for almost a negligible number of deaths. Two were reported from New York and one from Ohio.

The death toll this year represents a substantial decrease over last year when nearly 200 persons paid with their lives for celebrating the Fourth. Twenty-one drownings in one state, Michigan, brought that classification total to 54. Ten were drowned at Grand Haven when they were caught in the Lake Michigan under tow.

Automobile deaths were distributed over the nation, nearly every state contributing to the total of 54. Other violent deaths included three in airplane crashes, two in Missouri and one in Ohio; several suicides, shootings laid to celebrators and the regular number of heart disease victims who succumbed under the stress of excitement.

St. Paul, July 5.—The Fourth of July toll in the northwest from fireworks, automobiles, guns and other means was at least four dead, many seriously injured and hundreds slightly hurt, a check-up revealed today.

Arthur Greengard, 26, of Williston, N. D., died in a hospital at Crosby, N. D., today from injuries received in an automobile crash near there.

William Stenberg, 18, of 806 14th Ave. S. E., Minneapolis, was drowned in the St. Croix river near Marine while swimming.

Sigmund Glazik, 21, Little Falls farmer, was found dead of unknown causes in his parked automobile.

Anton P. Hanson, Minneapolis, a night watchman on a construction project was struck and killed by an automobile as he was about to distribute danger lanterns about the place where he was employed.

Among the more seriously injured were:

Leroy Goldschmidt, 11, Minneapolis, loss of both eyes due to explosion of a firecracker.

Russel Christie, 6, Minneapolis, burned about the face and eyes by a firecracker.

Kenneth Baker, 9, Minneapolis, injury to eyes by firecracker.

June Ingram, 7, St. Paul, burned about the arms by fireworks.

Delores Eckdahl, 8, St. Paul, burned on the arms and face, by fireworks.

Clarence Corcoran, 11, of Beldenville, Wis., rushed to St. Joseph's hospital, St. Paul, with serious burns to his eyes from powder bomb.

Harold Waugh, Beloit, Wis., seriously injured in an automobile crash near Wabasha.

Detroit, July 5.—Twenty-one drownings marred Independence Day celebrations in the Michigan area.

Grand Haven was the scene of the most disastrous mishap in recent state history, when ten bathers were dragged to their deaths by a Lake Michigan undertow.

Nine of the victims were carried far out into the lake by the strong undertow after attempting to swim to shore from a float moored near the beach, while lifeguards battled to rescue four persons carried from a pier by turbulent waves.

Tariff Situation Blocks St. Lawrence Waterway

2 GRADE SCHOOL BOYS ARE FOUND DRUNK IN GUTTER

Chicago, July 5.—(UP)—Two 2 grade school boys in knee trousers, found drunk in a gutter, refused today to tell police where they obtained the moonshine with which they "made whoopee" over the Fourth.

The youngsters, John Bronski, 11, and William Tomczyk, 13, stubbornly insisted they found the bottle.

Both were unconscious when removed to Cook county hospital. It was several hours before they were able to tell their names.

\$2,000,000 WORTH OF BONDED WHISKEY STOLEN IN CHICAGO

542 BARRELS ARE FOUND TO CONTAIN ONLY COLORED WATER

INVESTIGATORS SENT IN 84-PAGE REPORT TO GOVERN- MENT

Chicago, July 5.—(UP)—Fifty thousand gallons of bonded whiskey stolen from the Sibley warehouse, government concentration depot for the middlewest, would be worth \$2,000,000 in the bootleg market, federal officials declared today.

Five hundred and forty-two barrels were found to contain only colored water instead of the liquor they originally held, special agents investigating the theft reported. A number of other barrels were partially drained of their contents.

The investigators have forwarded their report to Washington. Several government employees, whose names were not divulged, were under suspicion.

Washington, July 5.—An 84-page report of the government investigation into the theft of 50,000 gallons of bonded whiskey from the Sibley warehouse in Chicago was expected to be in the hands of Prohibition Commissioner James M. Doran today.

Doran said that under cover agents in the Chicago enforcement area have been investigating thefts for about two months. He made it clear that a thorough inquiry into the entire matter would be carried out.

E. C. Yellowley, administrator for the Chicago area, was expected to confer with Doran here today regarding the warehouse disclosures.

Every barrel of liquor stored in the warehouse was understood to have been tampered with. Some barrels were completely emptied while others had a fractional part of the liquor siphoned out.

Doran said until the investigation proceeded further it could not be ascertained whether the liquor had been stolen in the warehouse or while it was on its way to Chicago from 30 or 40 distilleries in various parts of the country.

Libel proceedings against the remaining liquor may be brought by the U. S. district attorney at Chicago so it can be destroyed, Doran said.

SUBMIT PLANS FOR NEW STATE OFFICE BUILDING NEAR CAPITOL

ST. PAUL, JULY 5.—(UP)—Plans for a new \$1,500,000 state office building on the capitol grounds, were submitted today by C. H. Johnston, state architect to the building commission. The building was made possible by an act passed by the 1929 legislature.

LAST THEFT OF 6 BOTTLES OF LIQUOR BRINGS LIFE SENTENCE

Buffalo, July 5.—(UP)—The theft of six bottles of liquor from a private home today resulted in John Foster, 25, of Buffalo, facing a life in prison, under penalty of the Baumes law.

Judge Thomas H. Noon, in sentencing the youth to a life sentence termed the prisoner "a bad example of the man who gave up good jobs and deliberately chose a life of crime."

MEDICAL IMPOSTER VISITING MINNESOTA

St. Paul, July 5.—(UP)—Minnesota physicians today were warned to be on the lookout for a medical imposter known as Dr. Charles W. Ross or Dr. R. J. Deitrich, who is wanted on a number of charges which range from obtaining money under false pretenses to bigamy. "Dr. Ross" was known to have been recently in the midwest and once practiced in New Ulm and Pine River.

Two Endurance Flights Continuing at Culver City, Calif., and Cleveland, Ohio Airport

CALIFORNIA MEN PASS THE 73 HOUR MARK

NOTES DROPPED FROM CRAFT INDICATE FLIERS HAVE NO TROUBLE

REPORTS THAT THE CLEVELAND PLANE MAY BE FORCED TO COME DOWN SOON

Culver City, Cal., July 5.—(UP)—Loren Mendell and Pete Reinhardt, seeking a new sustained flight record in their Buhl Air Sedan, passed their 73-hour mark today.

At 10:30 A. M. they had been in the air for that length of time and notes dropped from their craft indicated that all was well.

Cleveland Airport, Cleveland, O., July 5.—Reports that the City of Cleveland, endurance flight plane, might be forced down some time today due to the water logged condition of the wings and fuselage were current at the airport here today.

Neither Byron K. Newcomb nor Roy L. Mitchell, co-pilots of the plane gave any indication of trouble but it was feared last night's storm so damaged the craft that it will be unable to remain aloft for the 13 more hours necessary to establish a new record.

If the City of Cleveland is still in the 10 minutes after midnight tonight it will have bettered the present mark of 172 hours and 31 minutes.

At 10 A. M. today the two men had been in the air nearly 154 hours. Two holes in the left wing of the plane are believed to be admitting water, making it difficult to handle and a badly damaged fuselage also is causing the aviators some worry.

While Mitchell and Newcomb are struggling to remain in the air a ground crew is working furiously to assemble a new refueling plane at the Stewart Aircraft Corporation hangar. The original refueling plane was badly damaged in the electrical storm that struck the city early last night.

The plane had taken off about 8 P. M. with a load of gas and oil shortly before the electrical storm struck. A lightning bolt which struck an electrical feeder line plunged the airport into darkness and made it impossible for the refueling plane to land after transferring its load of fuel.

Pitt Ernie Basham finally brought the supply ship to a perilous landing in a field several miles from the airport but the plane was damaged beyond immediate repair. A Stinson-Detroit from the Thomson Aircraft Corporation was pressed into service as a refueling ship.

Meanwhile the endurance plane was still draining tirelessly on. Its motors did not seem to be affected by the additional strain put on it by the storm. Observers reported the motor could be heard when the plane was approximately 1500 feet above the airport, and seemed to be going as strong as the day it took off.

Both fliers' hearing has been affected by the constant roar of the motor. Neither can hear the motor of the big Stinson-Detroit now and requested those in the refueling crew to signal them whether or not the motor of the plane was still functioning as it should.

Eddie Stimson, president of the Stinson Aircraft Corporation, builder of both the refueling and endurance planes, has been at the airport for two days watching the progress of the flight.

SUES HIGHWAY COMMISSIONER FOR \$6,500 DAMAGES

St. Paul, July 5.—(UP)—Charles Carlson, Big Stone county farmer, today brought suit for \$6,500 damages against C. M. Babcock, state highway commissioner. Carlson charged that he was injured and his automobile was damaged when he ran into a snow fence which had been blown down by the wind on highway No. 6, near Clinton.

33 INJURED AT UNION STATION AT ST. LOUIS, MO.

St. Louis, Mo., July 5.—(UP)—Thirty-three persons, mostly from St. Louis, were injured at Union station here today when a Burlington train from Kansas City backed into the side of a Frisco train, overturning two wooden coaches.

Several of the injured were believed suffering from fractured skulls.

10 MINERS KILLED, 8 BADLY INJURED IN MINE EXPLOSION

Keelung, Japan, July 5.—(UP)—Ten miners were killed and eight were critically injured in an explosion today at the Huiho coal mine operated by the Nitsui interests. A hundred miners who were entombed by the explosion were believed to be safe. Hurried rescue efforts were made to release the entombed men.

CROSBY VILLAGE MUST PAY JAS. MAGUIRE \$1,500

DAMAGE CAUSED TO HIS PROP- ERTY BY LOWERING GRADE OF HIGHWAY

SUPREME COURT AFFIRMS DECISION OF DISTRICT COURT

St. Paul, July 5.—(UP)—The village of Crosby, Minn., must pay James Maguire \$1,500 for damage caused to his property by the lowering of a grade of state trunk highway No. 2 which passes his property.

The Minnesota supreme court so ordered today in affirming the decision of a jury in Crow Wing county district court.

According to the testimony, the Minnesota highway department wished to make improvements on the highway which necessitated lowering the grade five feet along Maguire's property. The department submitted plans to the village, which approved the action.

Maguire brought suit for \$2,000 against the village, claiming that the lowering of the road left his property in an undesirable situation.

The village appealed the decision.

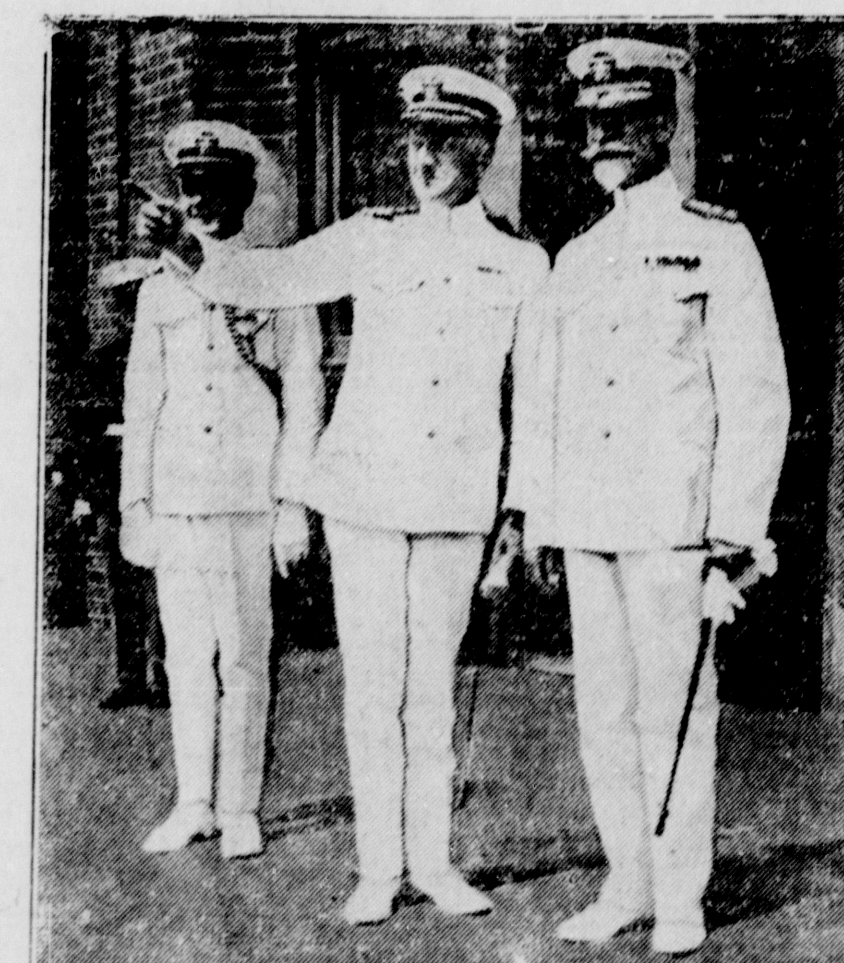

Leach Nominated for Chief of Military Bureau

St. Paul, July 5.—(UP)—Brigadier General George E. Leach, former mayor of Minneapolis, today was nominated by the Minnesota national guard for the post of chief of the military bureau at Washington. The nomination was made at a meeting of the officers of the state guard.

VOTE OF CONFIDENCE GIVEN BISHOP CANNON

Lake Junaluska, N. C., July 5.—(UP)—A vote of confidence in the leadership of Bishop James Cannon, Jr., was taken here by the Board of Temperance and Social Service of the Methodist Episcopal church south, which condemned recent attacks upon his purchase of stock in Wall Street as "instigated by enemies of prohibition."

NEW COMMANDER

Rear Admiral Walter S. Crosley (right), who took command of Great Lakes Naval Training Station July 1 from Capt. David W. Bagley (center), acting commandant. At left, Lieut. Gilmer.

OWNER KILLED BY AGENT IN FEDERAL RAID ON FARM

Shawnee, Okla., July 5.—(UP)—One man was killed and another was critically wounded during the federal prohibition raid on a farm near Tecumseh yesterday.

Jeff Harris, federal prohibition agent, was in jail at Tecumseh as the result of the shooting late yesterday. The dead man is James Harris, 34, owner of the farm. His brother-in-law, Oscar Lowery, 34, was wounded.

"UNTIN" BOWLER RUNS INTO SOME BAD WEATHER

EXACT STATUS OF PLANE AND 3 OCCUPANTS REMAINS IN DOUBT

RADIO SIGNALS FROM SHIP BE- GAN FADING YESTERDAY MORNING

Chicago, July 5.—(UP)—Unfavorable weather conditions today beset the amphibious "Untin" Bowler, Chicago Tribune plane bound for Berlin, according to best reports available here.

The exact status of the plane and its three occupants remained in doubt. Radio signals from the "Untin" Bowler began fading yesterday morning and nothing definite had been heard from the ship today. It is believed the weather has forced the amphibious plane to remain at Rupert House, at the lower end of James Bay, Canada.

The plane landed at Remi Lake on Wednesday and a weak signal received by Chicago Tribune yesterday indicated it left Thursday morning, but later the plane was reported to have returned because of storms.

Pilots Parker Cramer and Robert Gast are believed to have decided that it would be best to remain on the ground. Robert Wood, staff writer of the Tribune, has been unable to get his story through during the past 24 hours.

There is a possibility that the plane got away safely from Remi Lake and pushed on toward Greenland, but weather reports here indicated that storm centers over the north were such as virtually to prevent flying.

Gast and Cramer may have taken the plane above the storms and on to quieter regions, but nothing has been received to indicate this is true.

Whatever the "Untin" Bowler may be doing, there is no worry here as to its safety. It is believed certain that the fliers are safe, either soaring on towards their goal or resting at Rupert House waiting until the weather clears.

RIOTING MARKS STREET CAR STRIKE IN NEW ORLEANS

POLICE SQUADS WITH SAWED OFF SHOTGUNS FORM CAR ESCORTS

ADDITIONAL OUTBREAKS FEARED WITH ARRIVAL OF 400 STRIKE BREAKERS

New Orleans, La., July 5.—(UP)—Police squads with sawed-off shotguns, rifles, pistols and tear gas bombs, formed escorts for street cars operated by strike breakers here today for the first time since the strike was called Monday night.

Rioting, in which one man was probably fatally injured, one woman trampled by policemen's horses, and several score strikers, strike breakers and policemen slightly wounded, marked demonstrations at the car barns yesterday.

Additional outbreaks were feared as the 400 imported strike breakers manned cars running on virtually all lines early today. Each car carried an armed police escort squad of three to five men.

MINISTER'S SON CONFESSES HE KILLED HIS WIFE

Jackson, Mich., July 5.—(UP)—J. Howard Shorney, 24-year-old minister's son, has confessed that he killed his 22-year-old wife yesterday during a quarrel while the couple was preparing to start on a holiday picnic. He refused to give details, according to Chief of Police Charles Phelps, who announced the confession, but insisted another man was responsible for the condition of his wife, who was an expectant mother.

Shorney broke down after more than 14 hours questioning. He was steadfast in his refusal to name the "other man," but said he was from another Michigan city, according to Phelps.

CANADIANS DISLIKE HAWLEY- SMOOT SCHEDULES

INSOFAR AS THEY AFFECT CAN- ADA, SOME ARE CONSIDERED UNFRIENDLY

OPINION EXPRESSED CANADA WOULD SUFFER FROM PRO- POSED SCHEDULES

By LYLE C. WILSON
(United Press Staff Correspondent)
Washington, July 5.—Progress toward a Canadian-American agreement on the St. Lawrence waterway project has been temporarily interrupted by the tariff situation here in the opinion of informed persons who discussed the problem today.

Dislike for the proposed Hawley-Smoot tariff schedules is increasing in Canada according to reliable information received here. Insofar as they affect Canada, some of the schedules are considered unfriendly. In a recent report of the Foreign Policy Association, the opinion was expressed that Canada would suffer most from the proposed agricultural schedules.

"Canada," the report continues, "is our best consumer. In 1927 we exported more than \$845,000,000 worth of goods to Canada while we imported only \$475,000,000 worth of Canadian products. In 1928 our exports to Canada were valued at \$918,000,000."

American officials do not concede any connection between the St. Lawrence project and our tariff but it is admitted the pair are intimately linked in Canadian popular opinion. For the time being, the United Press is informed, Canada is awaiting senate tariff action.

If the senate maintains the schedules in substantially their present form authoritative reports are that the St. Lawrence waterway project will have to be considered indefinitely postponed.

President Hoover is aware of the Canadian reaction to the pending tariff bill and of its bearing on the waterway project. The senate will have complete information on the situation before a vote is taken.

But the problem created by Canadian sentiment is a difficult one because the United States cannot commit itself to the theory that any other nation properly may exert an influence on domestic legislation.

Senators from northern Mississippi valley states probably would be most susceptible to arguments against the present tariff schedules based upon the bearing they would have on the fate of the waterway project. Sentiment in favor of the St. Lawrence waterway is most emphatic in such states as Minnesota, Wisconsin, Iowa and the Dakotas.

MORE CRITICISM ABOUT U. S. TARIFF

London, July 5.—Proposed increases in United States import duties have been mentioned in the British house of commons with the hint that if made effective it may be difficult for Great Britain to pay her war debts to the United States.

The American tariff question was brought into the parliamentary discussion for a brief moment when a member of commons asked Philip Snowden, chancellor of the exchequer, whether the government had notified Washington that tariff increases might react against the United States by making it difficult for Great Britain to pay her debts.

Snowden told the questioner that no such representations had been made.

The matter was allowed to drop after the unsuccessful bit of questioning, but it appeared probable that it would be brought up again.

TWO RUM RUNNERS SHOT IN SPECTACULAR RACE NEAR DETROIT

Detroit, Mich., July 5.—(UP)—Two rum runners were shot and their three companions arrested in a spectacular chase between a coast guard boat and a liquor-laden boat and lugger in the Detroit river near Fighting Island early today.

The coast guardsmen fired a score of shots before they crippled the motor of the fleeing rum craft.

The officers confiscated the rum boat, the lugger and 300 cases of beer.

VESTRIS DISASTER HEARING CLOSES

London, July 5.—(UP)—The British board of trade's inquiry into the Vestris disaster was concluded today after sessions lasting 40 days. W. N. Raeburn made the closing speech in behalf of the board, beginning Tuesday and finishing today.

Butler Aspinall, wreck commissioner, and the assessors of the board, will consider the board's verdict.

Mrs. A. B. Cole and Mrs. Anna Pickit of Fergus Falls, accompanied by a nephew of Mrs. Pickit's, Leslie Pickit and son Brayton of Los Angeles, Cal., visited at the home of Dr. and Mrs. C. A. Nelson, 709 South 6th Street, on Wednesday.

Mary Brian and Richard Arlen are featured in "The Man I Love," at the Lyceum tonight. 2712

Mr. and Mrs. R. K. Balmer and Joan Balmer, of Dayton, O., Percy Fuller of Duluth and Mrs. Blance Ingraham of Elyria, O., were visiting in Brainerd over the Fourth. Mrs. Ingraham is

spending her summer vacation at her cottage Pineway O'Brien Lake.

Mr. and Mrs. R. H. Paine and family, accompanied by Mrs. Veva Husted motored to Akeley yesterday for the Fourth of July celebration. A large number were at Akeley, the city putting on a four day celebration starting on Wednesday and will end on Sunday.

Mr. and Mrs. Olaf Haugen of Staples visited at the L. H. Holesapple home yesterday and this morning left for Minneapolis accompanied by Miss Julietta Holesapple and Leonard Burke. They will spend the week end with relatives there, returning to Brainerd on Sunday evening.

Mr. and Mrs. Sam Soulis accompanied by Mrs. Soulis parents, Mr. and Mrs. N. Wells and Jack Wells of Bixby, D., and Henry Swanson of Minneapolis are spending a week at the home of Mr. and Mrs. Tom Kokoris and Mr. and Mrs. Dan Houser. Mr. and Mrs. Sam Soulis are building a summer home on Lake Marion this week.

ELKS MEET TONIGHT
Regular Meeting of Thursday Was Postponed on Account of Fourth of July Holiday

The Elks meet but one month during the summer months. The regular meet on Thursday evening was postponed to tonight on account of the Fourth of July holiday.

Shower for Bride-to-be
Mrs. Edward Crust, Jr., entertained a group of 25 friends at her home on Tuesday evening at a miscellaneous shower in honor of Miss Marion Templeton, a bride-to-be of the month. Pink roses were used in the room decoration, and the supper appointments were in pink and white. Miss Templeton received many beautiful and useful gifts.

Wed. Marry July 13
Mr. and Mrs. Archibald Templeton announce the marriage of their daughter Anna Marion to Carl Ernest Benson, on Saturday, July 13 at Portland, Oregon.

Mr. Benson is the son of Mrs. Augusta Benson, 917 Fir street. Both are very well known in the city. They will make their home at 232 Grand Avenue North, Portland, Ore., after August 1.

THE KNOT HOLE

Vol. 4 FRIDAY, JULY 5, 1929 No. 2

Published for the information and entertainment of the home loving folks of Brainerd and vicinity by the Standard Lumber Co.

The Mule-Hide man was in town the other day and complimented us on the nice volume of new Mule-Hide Roofs we sold during the past few months.

Doctor: "Did you follow my advice and drink hot water one hour before breakfast?"
Patient: "I did my best, but I couldn't keep it up more than 10 minutes."

If you are bothered with the problem of how to keep two cars in a single garage

come in and let us show you how you can enlarge your present garage and how little it would cost.

If you plan on building a new home or remodeling the old one, ask about our "Easy Payment Plan." Pay for your home like rent. It won't hurt so much.

Any one who has had experience, will tell you that nothing compares with SHEETROCK for making alterations or repairs around the home. That's why we always carry such a big stock of it.

Wife (at breakfast): "I want to do some shopping today, dear, if the weather is favorable. What does

the paper say?"
Husband: "Rain, Hail, Thunder and Lightning."

Our yard man is still wondering what the fellow meant who advertised, "Baby carriage in good condition for sale cheap. Going out of business."

Remodeling sure does work wonders with old homes. Just recently we saw a house that is 50 years old but you would never think so to look at it. New floors, walls replastered, a new MULE-HIDE roof, and kitchen brought up to date made it look just as good as any modern home.

Yes, our country and our lumber are both dry.

FINDS JOURNEY'S END IN BRAINERD

Arthur J. La Belle Congratulates This City on Its Progressiveness, Neat Appearance

IMPRESSED WITH CITY

Sees Unusual Atmosphere of Culture, Quiet Dignity and Good Fellowship Here

Arthur J. La Belle formerly of Chicago who has established his home here writes as follows to the Brainerd Dispatch concerning his impressions of this city after residing here two weeks:

With the thought that fellow citizens of Brainerd are interested in the impressions of a newcomer in their midst, this article is offered.

For the past three years the United States mails have carried my written thoughts into the city, and though the name of Brainerd was indelibly established in my mind as an ultimate goal, my only advance visible impression was a photograph of the N. P. station and the water tower. By reason of the great incentive to come here the trip station, with its high sentinel standing guard, took on a significance almost personal.

Brainerd does not need to offer any apology for its railroad depot—and the neat, well kept appearance of its water tower is instantly pleasing to the eye and inspires one with confidence as no aughts from the train.

During two weeks of quiet but thrilling life in the city of my journey's end I have studied and enjoyed the spirit of Brainerd. The hearty and courteous welcome extended by the citizens whom it has been my pleasure to meet has so filled my heart with genuine gladness and gratitude that it all seems like a dream, and I have often turned my eyes toward the tower for assurance of reality.

Having traveled extensively in many states of the Union I feel competent to judge and compare Brainerd with other cities visited. I find here an unusual atmosphere of culture, quiet dignity, and good fellowship. It is a pleasure to stroll through the business district and observe the good condition of buildings. Owners and managers should be proud of their well appointed and attractive stores—in every establishment visited there is evidence of a desire for and attainment of neatness.

Hotel accommodations are delightfully surprising for a city of this size and speak well for the future of Brainerd. In many cities twice as large I have not found hotels such as Brainerd can boast of with just pride. The magnificent county building, holding majestic place upon its spacious and beautiful grounds, creates a convincing impression of peace, power, and prosperity.

Residential streets lined with homes of pleasing style and design in a setting of nature's beauties, in addition to Brainerd's other desirable qualities, make me happy and proud that I have reached my journey's end.

Boeder-Dalman

A very beautiful wedding took place on July 1 at the home of Mr. and Mrs. Ralph Dalman, Maple Lake, when their daughter, Gertrude, was united in marriage to Albert Boeder of Minneapolis, son of Mr. and Mrs. C. R. Boeder, Brainerd.

A song was rendered by Mrs. H. Bearce accompanied by her husband on the piano and daughter Esther on the violin.

A march was played by Mr. Bearce while the bride was being given away by her father.

A very impressive ceremony was performed by Rev. S. E. Lee, Lutheran pastor of Minneapolis in which the ring ceremony was used.

The bride wore a gown of white silk flat crepe and a white silk veil trimmed with Forget-Me-Nots. She carried a beautiful bouquet of pink roses, sweet peas and baby breath.

The maid of honor, her sister Henrietta, wore a gown of orchid silk, Georgette.

Willmar, brother of the groom was best man. They wore dark suits.

After the ceremony a dinner was served to 30 guests. Many beautiful gifts were received.

The following guests were present:

Mr. and Mrs. C. R. Boeder, Mr. and Mrs. O. M. Boeder, Brainerd; Mrs. O. M. Hage, Minneapolis; Mr. and Mrs. H. H. Bearce and family of Menlo Park, Calif.; Gerert Dalman and Mrs. Mary Vanderson, grandfather and grandmother of the bride.

The young couple will make their home at Minneapolis. They are spending a few days of their honeymoon in Brainerd.

FRIDAY, JULY 5, 1929

Our 153rd Birthday

THE Fourth of July marked the nation's 153rd birthday. It was observed in various ways, not the least being the absence of mind shown by some people to exercise care in the use of fireworks, to drive their cars carefully, to observe ordinary rules of caution in bathing.

A few, and very few, sat philosophically in hammock or easy chair and took time to contemplate the marvelous advancement made by this nation which in the span of three generations has emerged from the welter of revolutionary war to become the most powerful and the richest nation in the world. America has grown so fast, has absorbed so many of the material things in life, that it took our participation in a World War to show America has a soul too.

A generation of today has seen the invention of the telephone, telegraph, cable, automobile, airplane, radio, incandescent light, electrical appliances of all kinds, has seen household drudgery eliminated, has seen the extension of the American public school, of medicine and surgery, of the American newspaper and magazine, etc.

In fact blessings have come so quickly, their beneficent effects have been absorbed so quickly, that the public has grown blasé. Mechanism or thought which may have been revolutionary one time, becomes accepted and commonplace in a month.

We yearn for thrills, when the most thrilling thing in the world is the foundation and growth of our great Republic.

A Dairyman on the Farm Board

DUE to certain conditions over which a President has no control, it seems that the Northwest is in a fair way to lose a chance for representation on the new Federal Farm Board.

One man, W. F. Schilling, of Northfield, president of the Twin City Milk Producers Association, was an avowed candidate and had the support of Governor Theodore Christianson, the town of Northfield, and many of the agricultural and dairying communities and interests of the state.

W. S. Moscript, Lake Elmo dairyman and well known stock breeder, is secretary-treasurer of the same Milk Producers Association. He was no candidate, but he was offered the post of Federal Farm Board director by President Hoover.

Mr. Moscript considered the matter four days and then refused to accept the federal post.

HAVE you noticed that the road hog is always the other fellow?

PROPOSAL FOR SCHOOL BUILDING AT BRAINERD, MINN.

Sealed proposals will be received at home of Clerk Mrs. Edw. T. Laughton by the school board of Common School District No. 4 County of Crow Wing, State of Minnesota until two P. M. (2 P. M.) July 22, 1929 for the erection and completion of a school building on Sec. 28, Twp. of Oak Lawn 45 R. 30 County of Crow Wing, Minnesota.

Separate bids will be received on the following:

1. General construction of a building according to Design No. 12 Minnesota Standard School Plan, as revised by school board.

2. Contractor to install heating and ventilating system according to plans and specifications.

3. Contractor to install toilet fixtures and equipment according to plans and specifications.

All bids must be accompanied by a certified check for four per cent (4%) of the amount of the bid, payable to the School Board of Common School District No. 4 County of Crow Wing Minnesota, which check will be returned when contracts are executed, or when said school board does not accept the bid. The school board reserves the right to reject any or all bids.

Copies of plans and specifications of this building may be seen at Office of County Supt. of Schools and also at the home of Clerk, 3 miles East on 2 and 18.

MRS. EDW. T. LAUGHTON,

Clerk, School Board, District No. 4

County of Crow Wing, Minnesota

Stamp of Inferiority

Can't is a word that should have no place in our language. It really isn't a word, but a state of mind. And few who harbor it ever attain success. People who "can't" should get off the main highway and not block traffic.—Grit.

So 'Skinny' Couldn't Work. Gains 21 lbs. and New Strength

Miss Donie Brison writes, "Before I took Ironized Yeast I was so 'skinny' I could not do my day's work. But now I can work hard all day and rest good all night."

"About 3 months ago my weight was 125 pounds. Ironized Yeast gave me 147 pounds of good flesh. You would think I was another woman. I feel and look so much better."

Stop being "skinny" and always tired. Thousands have gained 5 to 15 pounds in 3 weeks with Ironized Yeast. Serawny bones change to graceful curves. Bloated skin becomes clear and fresh. "Lazy" feeling vanishes.

Only when Yeast is Ironized is it so wonderfully effective—for Iron is needed to bring out the weight-building and strengthening values of Yeast. Pleasant tablets in a handy bottle, safe for everybody. Never cause gas or bloating.

Go to any druggist today and get a full size treatment of Ironized Yeast. If after this generous trial you are not delighted, your money back. —advt.

FLY-TOX

DEVELOPED AT MELLON INSTITUTE OF INDUSTRIAL RESEARCH BY REX RESEARCH FELLOWSHIP

Let science help you keep your home free from flies, mosquitoes, moths and other insects. A vast army of insects is bred in FLY-TOX laboratories to be released in the FLY-TOX "Chamber of Death" to test and certify the positive killing qualities of FLY-TOX before it is sold to you. FLY-TOX is harmless to people, will not stain, and has a new purifying, perfume-like fragrance.

NEW FORD COUPE

\$550

(F. O. B. Detroit, plus charge for freight and delivery. Bumpers and spare tire extra.)

An example of the fine coachwork of the new Ford closed models

THE art of the master designer is evident in the smart low lines and graceful contour of the new Ford, and emphasized by the beautiful two-tone color harmonies.

Set against these body colors are the full-nickel radiator, headlights and door handles—smart touches of bright metal that add a great deal to the attractiveness of the car. Running boards and crown fenders are heavy and capable. Cushions are deep and easy. Upholstery is rich and durable. Newly designed steel spoke wheels carry out the impression of fleetness and sturdiness.

The same quality is evident also on the inside of the car—in the mechanical beauty of the engine, transmission, etc. In appearance and performance, the new Ford brings you everything you want or need in a modern automobile. Call or telephone for demonstration.

Roadster, \$450 Phaeton, \$460 Tudor Sedan, \$525
Business Coupe, \$525 Sport Coupe, with rumble seat, \$550
Fordor Sedan, \$625

(All prices f. o. b. Detroit, plus charge for freight and delivery. Bumpers and spare tire extra.)

S. W. KINYON, WITH 76, IS MEDALIST AT BREEZY POINT

OWATONNA CITY CHAMPION GAINS HONOR

THROWS OUT CHEST, TOLAN WINS 100 YARD DASH

ALLEN LABATT, INTERLACHEN, UNABLE TO CONTINUE PLAY

TODAY MEN'S CHAMPIONSHIP AND 3 OTHER FLIGHTS TEED OFF IN MORNING

Breezy Point, Minn., July 5.—A strong north wind fanned Breezy Point golf course yesterday and militated against low scores in the qualifying round of the 10,000 Lakes Golf Tournament.

Allen Labatt of Interlachen played the course the first time in his golfing experience, shot a 76 for the 18 holes and shared honors with S. W. Kinyon of Owatonna, who also annexed a 76. Labatt made the first nine in 37 and the second in 39. Kinyon, who is city champion of his town and former Southern Minnesota champion, made the first nine in 40 and the second in 36. Both shot wonderful golf, facing the wind which blew in fitful gusts and played havoc with long shots.

As Labatt was unable to continue to match play, Kinyon becomes medalist. Art Tveraa, runner-up in last year's tournament, had trouble putting and scored a 77. He had 37 on his first nine and 40 on the second.

The third fairway of the course was a jinx for many of the players, who faced ground sloping to leeward and a stiff side wind.

D. N. Tallman, president of the Minnesota Golf Association, was among the leaders with an 81. As senior champion of the United States and medalist twice in the Lakes tourney, he is bound to win high honors.

Harry Legg of Minkahda, champion of the Lakes tournament in 1927 and 1928, scored 82. That the wind was a match for some of the best players is noted in the score of Roscoe Fawcett of Interlachen who last week in a practice match tied the course record with a 71 and was forced to take an 85 today. Ralph W. Little of Minneapolis was down among the nineties, scoring 92.

W. R. Hiller of the Brainerd Country Club, and Bert Orne of the River-side Links, Fergus Falls, each shot a 94.

Mrs. Sam Waters, Interlachen, and Mrs. Ralph W. Little, Minneapolis club, will either toss up or play for medalist honors in the women's event, each having scored a 92.

They were followed closely by Mrs. A. W. Clapp of Somerset, St. Paul, with a 94, and Mrs. Mary Paper of Northwood, St. Paul, with a 96.

Mrs. Orren Safford, Minkahda, winner of the women's event in 1927 and 1928, scored 106.

The various flights in the men's division got underway this (Friday) morning, the championship flight at 9 A. M., the first flight at 9:45 A. M., the second flight at 10:15 A. M., and the third at 11 o'clock. The women's flights take the tee at 1:30 P. M.

The air is clear and sunny today and there is no high wind. Better scores will be made than on the opening day. Here are the pairings of the men's division:

In the championship flight: S. W. Kinyon, Owatonna, 76, and George Matchan, 84, Minneapolis Country Club; Charles Morris, 87, Minneapolis Country; and Harry Legg, 82, Minkahda; H. H. Walter, 88, Minneapolis; and Ole Williamson, 83, Owatonna; H. B. Gillespie, 86, New York City; and Henry Howe, 78, Minneapolis; Art Tveraa, 77, Minneapolis; and Roscoe Fawcett, 85; Sam Nelson, 88, Interlachen; and J. E. McClintock, 82, Tulsa, Okla.; Victor Dodge, 89, Minneapolis Country Club; and Wm. F. M. Johns, 83; Jack Morris, 86, Minneapolis Country Club; and D. N. Tallman, 81, Willmar.

In the first flight: Walter Gooch, 89, Minkahda; and Bert Orne, 94, Fergus Falls; Grant Westerson, 95; Chicago, and F. C. Legg, 91, Minneapolis; George Mitchell, 96, and A. M. Wagner, 93; W. R. Hiller, 94, Brainerd Country Club; and George Webster, 91, Minkahda; L. H. Heller, 90, Northwood, St. Paul; and Warren Pease, 94.

BRILLIANT RACE RUN AT DENVER

ATHLETIC MEET

FIVE SPEEDSTERS IN FINAL SO CLOSE THAT ONLY JUDGES KNEW WINNER

TOLAN LATER DISTANCES FAST FIELD AND WINS 220 YARD RACE

Denver, Colo., July 5.—(U.P.)—Aspirants from the National A. A. U. decathlon championship took over the field and track at Denver University stadium today in a duel for all-around athletic honors for 1929.

The 12 men entered included a number of champions, as well as Kenneth Doherty of the Cadillac Athletic club, Detroit, the present champion, who aspires to retain the crown.

Decathlon events will be interspersed with relay events, with a number of sprint champions passing the baton.

The running of the "century of the century" was a brilliant feature of the senior division games yesterday, with Eddie Tolon, Michigan University negro star, winning by throwing out his chest as he breasted the tape. The five speedsters in the final of the 100 were so nearly abreast at the finish that the result was not known until the judges announced a decision.

Tolan came back later and proved he was the fastest dash man of the day by easily winning the 220-yard dash, when he distanced a brilliant field and annexed his second championship of the day.

First flight: Mrs. E. C. Anderson, 102, Minneapolis; and Mrs. A. J. McMillan, 117, Bemidji; Mrs. Frank McNally, 113, Minneapolis; and Mrs. E. Schuch, 101; Mrs. H. McLennan, 117, and Mrs. L. H. Heller, 109, Northwood, St. Paul; Mrs. O. J. Johnson, 113, Interlachen; and Mrs. Orren Safford, 102, Minkahda.

Second flight: Mrs. Henry Howe, 119, Minneapolis; and Mrs. J. B. McClintock, 123, Tulsa, Oklahoma; Mrs. Sam Nelson, 115, Interlachen; and Mrs. Carl Coleman, 120, Minneapolis; Miss Betty Bradmo, 140, and Mrs. P. Foley, 121; Mrs. Jack Pendergast, 144, Interlachen; and Miss Margaret Tallman, 125, Willmar.

REPORT THAT BROWNS' PILOT TO BE DEPOSED

DAN HOWLEY'S REPORTED ABDICATION CAUSES STIR IN ST. LOUIS

BALL, OWNER OF CLUB, SAYS HE KNOWS NOTHING ABOUT REPORT

St. Louis, July 5.—(U.P.)—Reports published here and in the east that Dan Howley, manager of the St. Louis Browns, will be deposed at the end of this season caused a stir in St. Louis today.

According to the reports Howley reports alleged interference of L. C. McEvoy, vice president of the club, who is reported to have issued playing orders to the manager.

"I have had no trouble with anyone and have nothing to say," Howley told the United Press when asked to comment on the report.

Phil D. Ball, president and owner of the team said: "I know nothing about this report. I run the ball club and he takes orders from me."

In the report published here Ball was quoted as saying any orders McEvoy had given Howley were on Ball's authority.

Physical Science

Generally the science of physics is held to treat of the constitution and properties of matter, mechanics, acoustics, heat, optics, electricity and magnetism. Sometimes the term is applied in a limited sense, and embraces only the last four divisions; more generally and loosely it includes all physical sciences.

DUTCH BAUMAN CLAIMS RECORD ON DIRT COURSE

St. Paul, July 4.—(U.P.)—Charles (Dutch) Bauman of Indianapolis today claimed a new world's record of 19 minutes 8 4/5 seconds for a 25-mile circular dirt course, established in the annual Independence day auto races on the state fair track here.

Three other racers, who finished close behind Bauman, claimed to have bettered the 25-mile record of 21 minutes, 15 3/5 seconds. They were Bill Cummings, Indianapolis; Carl Marchesse, Milwaukee; and George Hardy, Chicago.

Fifth place in the 25-mile event went to Harry Nichols of Chicago. Winners of the three 10-mile elimination heats were Bennie Benefield, Indianapolis; John Boyd, Tulsa, Okla.; and Cummings.

Only Noble Attribute

The origin of all mankind was the same; it is only a clear and a good conscience that makes a man noble, for that is derived from heaven itself.—Seneca.

Honor Is Delaware's

Delaware was the first of the 13 original states to ratify the Constitution, Rhode Island being the last.

CLOUT KING

This is the shy, affable, young Mr. Mel Ott of the Giants, who planted his twenty-third home run of the season the other day. Mel, who is only 20 years old, hails from Gretna, La., where he was catcher for his home town high school team.

Watching the Scoreboard

By United Press

Yesterday's hero—Adam Comorosky, whose home run in the seventh inning of the second game at Pittsburgh scored four runs and clinched the Pirates' right to first place in the National League.

Pittsburgh took two games from the stumbling St. Louis Cardinals by scores of 8 to 4 and 8 to 2.

Chicago dropped to second place in the National when the Cubs were able to do no better than break even with the Cincinnati Reds. Cincinnati won the first game, 9 to 8, but Chicago took the second, 10 to 5.

The New York Giants divided a

double-header at Boston, losing the first game, 4 to 3, and winning the second, 3 to 0.

Brooklyn lost a weird slug-fest to the Philadelphia Phillies, 14 to 12, the first of the holiday bill at Brooklyn, but came back in the second to win, 5 to 3.

The Yankees continued their seemingly futile pursuit of the Philadelphia Athletics, winning two games from Washington, at New York, without gaining a step on the league leaders.

The Yankees won the first 8 to 4, and the second 14 to 4.

Philadelphia trampled twice on the Boston Red Sox, at Philadelphia, by scores of 3 to 1 and 8 to 1.

The St. Louis Browns followed the leaders with a double victory, 12 to 6 and 6 to 7, over Detroit.

Chicago and Cleveland divided at the latter city. The White Sox won the first, 9 to 2, Cleveland the second, 12 to 5.

PARACHUTE JUMPER TO BE AT AIR MEET

George Babcock Holds More Records
of Parachute Spot Landings Than
Any Other Jumper

MAKES "DELAYED OPENING"

Northwest Airways Contemplate Hav-
ing 20-Passenger Plane Here
for the Meet

An outstanding attraction has been secured for the Brainerd Air Meet at the Rosko air field on Saturday and Sunday, July 20 and 21, in the shape of a parachute jumper who makes a "delayed opening" of his chute. The jumper is George Babcock of New York, who has jumped for years and has more parachute spot landings to his credit than any other man in the game.

Babcock's parachute drop will be especially thrilling. The plane goes to a great height so as to give him room for his stunt. He falls like a rocket hundreds of feet before pulling the cord which opens his life-saving parachute. Where the nervous tension occurs is in the drop before the parachute opens its umbrella-like folds.

"Will he fall to the ground and have every bone in his body smashed?"

"Will the parachute stick?" These are thoughts flying through the minds of the spectators and there is a real sigh of relief when he pulls the ripcord and opens the parachute and is gently wafted to the ground. It takes a jumper with iron nerve and an unflinching judgment as to distance, to delay opening his parachute.

The Northwest Airways is contemplating sending to the Air Meet one of its Ford 20-passenger airplanes, according to J. O. Engel, general manager in charge of the Air Meet arrangements.

F. H. Longway, aviation inspector of the Department of Commerce, is expected to attend the Air Meet. Other noted men in the world of aviation are expected to be here July 20 and 21.

The advance sale of Air Meet tickets was started today.

Henry Rosko motored to St. Cloud this morning and inspected the air field there.

NOTICE

All property owners are requested to have their weeds mowed on vacant lots by July 15. Unless so done the work will be done by the city and the cost applied to the owner's taxes. 2613. By order of the Weed Inspector.

COUNTY CELEBRATES SAFE SOUND FOURTH

Checkup of Hospitals, Garages, Police
Departments Reveal Nary
a Mishap Holiday

PICNICS FEATURE DAY

Plenty of Fireworks Too But no Re-
ports of Any Even Burn-
ing a Little Finger

Casualties over the Fourth of July in Crow Wing county were limited to blistered hands from carrying picnic baskets and a few sick "tummies" from overeating.

Strange as it may seem this county passed over the holiday without as much as a burned finger. And still there was no shortage of fireworks and no lack of enthusiasm in celebrating the great national holiday.

Everywhere people celebrated and the roads were crowded with cars but a checkup of hospitals, police stations, the sheriff's department and garages revealed that there was nary an injury or arrest. Of course there were a few dented fenders but differences between auto drivers were patched up without going to the law about them.

Brainerd business people reported a booster day Wednesday as people prepared to celebrate. This morning the banks of the city received in deposits thousands of dollars representing the business done over the holiday.

The majority of Brainerd people did their celebrating out of the city. A number attended the celebration at Lum Park, others went to resorts, a large number to Crosby, and still many others went fishing.

Ribbel Sings His
Swan Song

The list of officers and committees for the ensuing year for the Brainerd Rotary club were announced at the club meeting by President-elect S. R. Adair:

President—S. R. Adair.
Vice President—Hal Day.
Secretary—G. W. Chadbourne.
Treasurer—V. E. Schedin.
Directors—G. D. LaBar, Dr. R. A. Beise, Carl Zapfe.

Sergeant-at-arms—W. R. Hiller.
Song leader—Frank B. Johnson.
Vocational service committee: J. P. Anderson, chairman; W. V. Turcotte, F. W. Wieland, Dr. N. Wells Stewart, Robert Nichol, S. R. Hickerson.
Club service committee: H. D. Hoffmann, chairman.

Community service committee: C. N. Erickson, chairman; I. L. Peterson, O. A. Peterson, S. C. Bakken.
International service committee: R. R. Gould, chairman; A. J. Sullivan, W. H. Gemmell, John A. Hoffbauer, R. T. Campbell.

Program committee: Hal Day, chairman; Walter H. Cobban, Dr. R. A. Hallquist, Frank B. Johnson.

Membership and classification committee: A. C. Ebert, chairman; D. E. Whitney, Chester Benson.

Educational committee: Rev. N. P. Olmsted; W. C. Cobb, W. H. Gemmell.
Fellowship committee: W. A. Spencer, chairman; A. G. Trommald, William Graham, Earl R. Draper, Ralph Farrand.

Dr. George H. Ribbel sang his "swan song." The retiring president thanked all for the cooperation shown him during his tenure of office. The directors had held all meetings except three. A new set of bylaws was adopted. During the year collections amounted to \$1,483.40. The balance on hand the first of the year amounted to \$389.86 and at present is \$552.83. The membership a year ago was 38, one was lost by death, six by resignation and others added, bringing present membership to 38. During his term of office there were six 100 per cent meetings. He suggested that the Rotary club pay the expenses of president and secretary when they attend conferences.

He introduced the new president, Mr. Adair, who responded briefly in

an inaugural talk. Many guests were present and they included:

Louis Charon, Fort Dodge, Ia., department store.
Dyke Tobey, Sedalia, Mo., poultry and eggs packing.
C. Rosenmeier, Little Falls, senator of district, guest of A. G. Trommald.
H. A. Rahier, Los Angeles, Calif., guest of G. W. Chadbourne.
Earl R. Berg, Grand Rapids, Mich., Red Cross water safety director, guest of G. W. Chadbourne.
Ezra L. Hutchins, Rushville, Ind., Protestant church.

Robert B. Bachman, Des Moines, Ia., osteopathic physician.
Fred Boone, Manhattan, Kansas, hotel man.
Fred Durland, Junction City, Kans., furniture.

N. C. Hammer, Dallas, Texas, chemical laboratories.
S. A. Dickerson, Washington, Ia., drygoods.
J. E. Timberlake, Elmira, N. Y., general merchandise.
Mrs. Henry E. Honeywell, St. Louis, Mo., guest of Mrs. Victor Schedin.

FORMS PARTNERSHIP

H. B. Sherwood, Assistant Attorney
General and Chicago Man
Become Partners

H. B. Sherwood, formerly of Brainerd, assistant attorney general of Minnesota, has formed a partnership with J. E. Peterson of Chicago formerly of Long Prairie for the general practice of law under the firm name of Sherwood and Peterson with offices at Long Prairie.

COLLECTS GRASSES FOR FAIR EXHIBIT

County Agent E. G. Roth Prepares for
Exhibit at State Fair, August
30 to September 7

Although the state fair is several weeks distant County Agent E. G. Roth is collecting grasses to be used in this county's agricultural exhibit there, August 30 to September 7.

Mr. Roth is gathering the grasses at this time because they are at their best now. Today he gathered samples of mammoth red clover, timothy, vetch, reed grass, alfalfa, bromegrass and meadow fescue. He has on hand yellow blossom clover, sweet clover, June grass.

The exhibit will be 12 feet by 20 feet.

Definite Cabinet Term

The postmaster general is appointed for a term of four years. The other cabinet members serve at the pleasure of the President.

FARMERS START CUTTING HAY

Abundance of Rain in Southern Part
of County Makes Crops
Look Good

LITTLE RAIN IN NORTH

Corn Knee Deep, Oats Deep Rich Blue
Heading Out on Some
Farms

Crow Wing county's diversified rain of the past two weeks has caused a decided change in crop conditions relative to directions north and south of Brainerd.

To the north of Brainerd where little rain has fallen the crops are slightly backward. To the south of this city where in general throughout the county in that section there has been a generous rainfall the crops are looking fine. The oats are a deep rich blue heading out, the corn is knee deep, potatoes and vegetables are in advance for the season of the year.

Farmers in general throughout the county were engaged this week in cutting alfalfa clover and other fodder.

BRAINERD 25 YEARS AGO From the Daily Dispatch

July 5, 1904

Yesterday was the Fourth of July, but it was a rather quiet day in Brainerd with not much doing except the big M. W. A. picnic on Gilbert Lake. So far as is known the youth of Brainerd fared very well yesterday, with only one accident which was not serious. Eddie Rifenrath, son of Mrs. Annie Rifenrath, was using one of the cracker canes. He loaded it in front of the McGinnis store and proceeded to celebrate. The whole bunch of cartridges exploded at once and besides tearing off the flesh of his leg, broke three tiny holes in the window of the store.

The Reilly block on Seventh street, occupied by the M. J. Reilly grocery store and Twetley and Reis dry goods store, was gutted by fire on Sunday

evening entailing a loss of about \$15,000 to the building and occupants. How the fire originated is a mystery. It undoubtedly started under the front stairs, but how is only conjecture. It was suggested that boys shooting fire crackers during the days probably threw some on the stairs and that a small piece of burning paper was blown through a crack under the stairs, which might have set fire to the boxes. Mr. Reilly has opened up his grocery stock temporarily in Albert Angell's store on Laurel street.

Mrs. E. P. Raymond and Miss Ella Parker left Brainerd this noon for an extended tour in the east. They will visit New York, Boston, Washington, Newport, Atlantic City and other eastern points before returning.

N. H. Ingersoll and son Howard left today for McGregor, Iowa, where they will be present at the marriage of Mr. Ingersoll's niece, Miss Ethel Shumaker.

Think It Over

Some of the most worthy people in the world go unloved and unappreciated because of their bad manners.

Imitation Seal
Hudson seal is a name given to the fur of a muskrat dyed the color of Alaska seal.

Low Prices

Are still in effect on all kinds of weatherstripping. Ceco Slide Lock is 95 per cent efficient. Get quality plus comfort. By contracting now at these low prices you will avoid the fall rush. Your job will be serviced at any or all times as needed, free of charge. By getting prices now obligates you in no way.

Zinsmaster announces

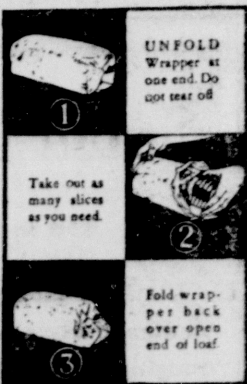

SLICED BREAD

ready to serve

(AND STAYS fresh!)

How to Serve Sliced Bread

Ask
Your Grocer

BY OFFERING to mothers and wives sliced bread... ready to serve, Zinsmaster today takes the lead in an amazing new service for the home; a revolutionary convenience in your kitchen. This is the greatest advance made by bakers in 20 years.

Now your grocer has the famous Master Loaf, cut in perfect, even slices, wrapped in a special wrapper, just the same as ordinary bread... but ready to serve!

ZINSMASER BAKING COMPANY

SLICED BREAD

Baked by
Zinsmaster

For years, bakers have tried to perfect a sliced loaf that stays fresh, and now Zinsmaster leads the way in presenting this new convenience for wives and mothers.

Newly invented machines slice the bread as it comes from our mammoth oven and wrap the entire loaf, so that bread comes to you fresh, perfectly sliced and ready to serve.

Try this amazing new sliced loaf today... you will like it!

Hot?

What is this,
a game?

Timidly—warily, we approach the "hot water faucet." We turn it on. Result: (often) cold or lukewarm water. A trip to the basement to stir up the fire or light a coil water heater.

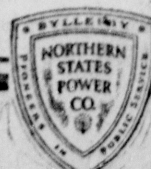

Then the delightful and engaging business of waiting for the water to heat!

Now dear reader... while you are waiting, here's some food for thought: Why all this fuss and bother? It can so easily be avoided. Just see us today about installing a storage Gas Water Heater which automatically keeps a plentiful supply of hot water available

The **NEW Low**
GAS RATE

Now make it possible to enjoy the convenience of gas heated water at a cost of only a few cents per day

always. They're economical in the use of gas, and are quickly installed. Convenient deferred payments if you wish.

"Lost and Found" Home

The "lucky bag" aboard a man-of-war is a place where the ship's police petty officer stows effects for safe keeping that are found adrift about the ship. At frequent intervals the lucky bag is opened and the effects are distributed to the owners. Lucky for the owners, but when persons are found guilty of carelessness, and they usually always are, in leaving their effects adrift, some mild form of disciplinary action is taken.

Link With King Olaf

An elaborate stone cross, 12 feet high and most elaborately sculptured, was unearthed at Leeds, England, in 1840. It bore the date of 940, and the name Olaf, king of Northumbria.

FOR RENT—CALL 74

Daphne by HAZEL LIVINGSTON

CHAPTER LXIII.

DAPHNE had apparently said all she had to say, and his first numb panic began to give place to anger. What did she mean anyway? Who would believe her crazy yarn? "Say! Nobody is going to talk like that to me, not even a silly girl!" he blustered. "You change your tune, Daphne, and change it quick, or you hear me? What would anybody think who heard you? Nice kind of story to spread. . . . Why, he skipped ten months ago! This is a fine time to come shoveling old dirt!"

Ten months ago—almost a year. He had almost forgotten the whole miserable business. Now she had to come and rake it up. The pulse in his temple went on hammering. His fingers ached to shake her, to hurt her. After ten months to start this . . . hadn't he had trouble enough?

He licked his dry lips. "I don't want to hear any more about it—do you understand? I'll put up with a lot from you, Daphne, but there are limits. My God, that's too much. After all I did for him. I suppose you are still raking over what I said last night. I hit the nail on the head, that's all. Well, I've taken enough from him, and you, too, if you are a woman. Just pull that kind of talk again and there'll be trouble. I won't take it—not from anybody!"

She listened, very quietly. Apparently she had nothing to say. She had gone off like a rocket, he decided, and spent herself. Her white-hot fury had cooled. She was the old Daphne again, small and quiet and timid. He even managed a laugh. "Craziest thing I ever heard. Ha, ha!—But don't let me hear it again!"

He was right, her fury was spent, but it was not the old Daphne who was waiting quietly for him to finish. The old Daphne was gone, never to come back again. It was a new Daphne now, a Daphne grown up.

"Very well," she said in a small, cold voice, "I won't say anything more to you about it. I was foolish to have come. I came on the impulse of the moment. I thought—I don't know what I thought. Perhaps I expected a miracle. I found Allan was innocent. Perhaps I thought I could find you innocent too. . . . But I'm not sorry I came. I've told you." She smiled then, with bitter pity. "You can—skip, too!"

He let her get almost to the door, and then he was upon her, pinning her arms, pushing her against the wall. "Daphne—listen to me. Don't do anything you'll regret. What have you found? What is it? Have they planted something on me?—what do you think you have? Tell me!"

He was hurting her wrists, but she made no effort to release them. "Don't you understand, Ralph? I found the records—the bank withdrawals you know, and Allan's account of every cent he turned over to you—"

He dropped her hands. Wiped his mouth with a neat handkerchief. "A mere blind," he smiled. "What does it mean? Nothing at all." He was speaking very smoothly now. Almost too smoothly. "What would a man in his position naturally do? Just that. He drew money from the bank—for reasons best known to himself. I trusted him so excessively that I never questioned. That's where I am open to public censure. I was

too lax. My nature, you know, let him run things his way—which he did! He played the little game they all play—he thought he could beat the market, buying on a close margin.

"If things had gone as he expected, he'd have made a fortune, and no one the wiser. But the unforeseen happened—he was caught short, with some twenty thousand

ing Allan, that's all. Mr. Greely wouldn't—"

"Wouldn't he?" he sneered. "It's one of us—Allan or me. Allan skipped. Therefore it's me. Oh I'll tell you the truth. I'll admit I played a bit too. Maybe some of those withdrawals were mine—one or two—but I'll get the blame for it all. I know Greely—he's always hated me. Well, it's all right, I

"Daphne,—listen to me. Don't do anything you'll regret."

to raise in a hurry. So he left—without leaving a forwarding address, and that, my dear little girl, is the situation in a nutshell. Had he remained he would have been forced to explain. As it was, I was stuck for his losses. Greely gave me the third degree and got it out of me. I'd have spared him if I could. I stood the loss. Wasn't that enough?"

She shook her head. "No. It's no use, Ralph. No use at all," she repeated wearily. "It's all there in black and white. Even some note from you, asking for money. Even one note from Allan to you demanding an accounting, and your answer written right on it—'Go to hell' I think your words were—"

She saw him start. One eyebrow was twitching nervously. "Mr. Greely has it all—I left it with him before I came here. . . . I thought it was best. . . . I wanted you to know—"

"Very kind of you," he said at last. "You've taken good care to clear your little friend, and pin it on me." And then, with immense sarcasm, "You'll send me elevating literature when I'm in jail?"

"Jail—why—? It wouldn't be that—"

"If he's framed me it will."

"But your money . . . it was your money! You'll just be clear—"

guess. Go back and report to Greely—tell him he was too smart for me as usual—he got me!—The dirty shyster!"

He sank into a chair and buried his blond head in his hands. There seemed nothing left to wait for, nothing left to say. She began to pick up her things. "Go on," he said through his shaking fingers. "Make it snappy. What are you waiting for?"

She looked back. It is always fatal to look back. Daphne knew it as she turned. Ralph's blond head was still buried in his hands. Long shuddering breaths shook him. . . . Crying . . . Ralph crying . . .

So she came to him, and put her small, cold hands on his shoulders. "I'm sorry," she said painfully. "It's just my luck that it had to be me to find out—"

The odd, choking noise went on, and she waited nervously. "Please don't take it like that," she begged. After a while she dropped to her knees beside him, comforting him. She was filled with pity and disgust. This was the man she had loved so well. The man whom she had believed could never do a little thing. This was her idol shattered. This was the end of her dreams.
